

DEDICATION

The Staff of the 1995 Bridgeport High School Yearbook expresses its sympathy to the family of Mr. William Prout. He was much more than just one of our teachers here at B.H.S., he was a valuable member of our community as well.

The passage below is from the novel <u>The Chosen</u>. This passage helped me to understand the meaning of death.

Although everyone has different memories of Mr. Prout, either as a co-worker, a student, a parent or a friend; we thank him for all the wonderful moments he gave each one of us.

Tracy Stahl, Editor

Mr. William A. Prout

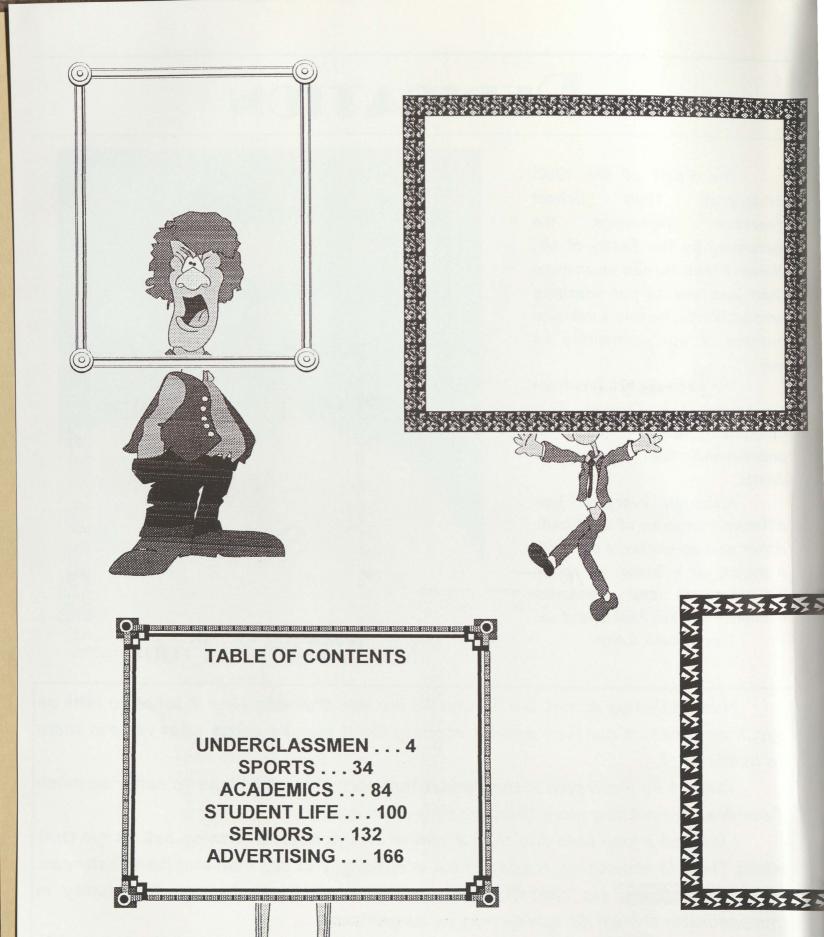

Human Beings do not live forever. We live less than the time it takes to blink an eye, if we measure our lives against eternity. So it may be asked, what value is there to human life?

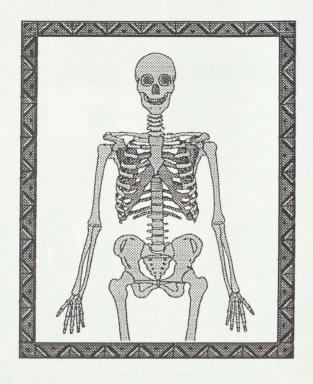

There is so much pain in the world. What does it mean to have to suffer so much if our lives are nothing more than the blink of an eye?

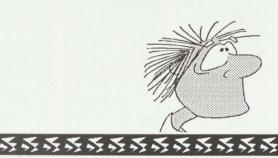

I learned a long time ago that a blink of an eye itself is nothing. but an eye that blinks, THAT is something. A span of life is nothing. But the man who lives that span, HE is something. He can fill that tiny span with meaning, so its quality is immeasurable though its quality may be insignificant.

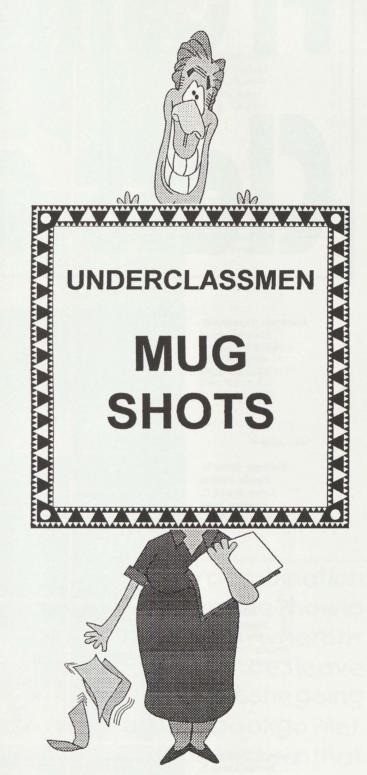

A man must fill his life with meaning, meaning is not automatically given to life. It is hard work to fill ones life with meaning. A life filled with meaning is worthy of rest.

Goodbye to J.V. Football

by Jeremy Broihier #73

Goodbye to J.V. football, what more can I say, I guess I could tell you about our team from our coaches to our plays
For we are much more than we seem

Sometimes on the ground we would lay And take a lot of whacks But you weren't there to see the way Frazier did his jumping jacks

We will miss our coaches both of whom had sayings that we always heard Like "suck it up" and "Feldman's boom" And all of coach Konelly's words

We made great plays, though not en masse, From a Paul or Keyon Run to Matt's one caught pass When the line did good we usually won.

So now we go to varsity look out, here we come Bridgeport's the way you gotta be And the Bearcats are gonna get it done.

Each member of the team has had a different moment playing football that they will never forget. I got the chance to speak with three of those teammates and asked them what Good luck to you, and for all the theirs was. "My most memorable moment was our first game with Caro, when we beat them to give you do your best to make the us a 1 - 0 record in the Tri Valley" says Chad Short ("95). "When I made the last tackle of the Caro game," recalled Jamaine Quarles ('96). And Andy Cole remarked "My most memorable moment has yet to come".

The spirit of the student body and with help from the Varsity Cheerleaders, has kept our team going. This will be the last year of football for most of the seniors leaving us this spring, except for the ones who make it to the college team. others who will be here next year for the 1995 season, we hope Bridgeport Varsity Football Team even better.

Basketball to me has been a real experience. Coach Brooks has shown me the real way to play basketball. He's made me stronger and smarter.

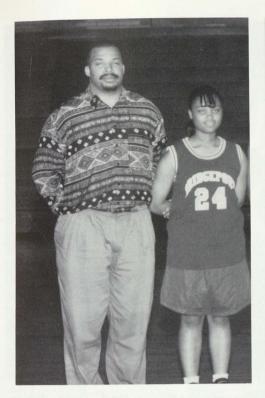

The biggest game that I really wanted to win was against Hemlock. I realized that was the very first time we played as a team. And as we played as a team, we won. That win really meant a lot to me.

After Districts I realized that I'll never play High School Basketball again. So, you should cherish playing while you still can.

My Final Tribute to Tennis

Feel free to shed some tears.

For this is the end of four great years, Three Alpena trips and a whole lot of fun, And there are so many crazy things the team has done.

Aw Yeah and Dogg were some things we would say, But I think they got on Van's nerves more and more every

There was the time Julie and I tried to be cool, by walking all the way back to Garber High School.

And then at Regionals when the Garber Coach was greeting, We had to announce the whole players meeting. And there was always Jim Jonas - what a man.

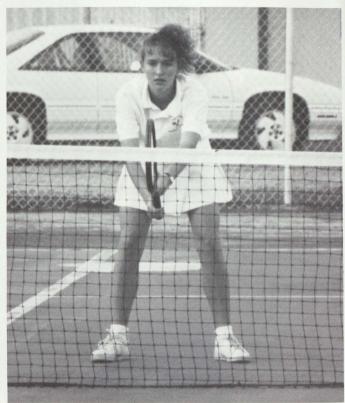

a was always Jim Jonas - what a man. And everyone had the worst sock tan.

"I love to play in the wind" was my favorite thing to say, If only I had one more game to play.

It doesn't seem possible that it could come to an end, But I will always have the memories of my coach and my friends.

I just want to thank you Van, for being the very best coach.
And I'd like to say I'm sorry, Julie, about my tendency to

The most improved player was Delbert Luckett, he was also chosen as the most valuable junior. The most valuable senior was Jeremy Hoeh, the sophomore MVP was Ben Karrow and the freshman MVP was Dennis Wuerfel.

Congratulations to all of you!

Although I've had a rocky season,
I've learned things from this year.
For one - I have great
sportsmanship and I usually hit in
the area of 50.

I've learned to shoot my best and ignore the rough days, but mostly LEARN!

I've always liked golf on TV and on the course and LOVE to play it! I will DEFINITELY join next year. You can count on that.

Varsity Pom Pon Squad

Pom Pon has been a very memorable experience for me! I've made lots of friends who I have shared some great times with. Our squad has learned a lot over this past year, we've become a family. This year was a lot of fun. Practices were hard and boring but we always found something to liven them up with. Our coach, Sheri, she's a lot of fun. She helps us more than she should sometimes! Next year will be my last and I hope it will be the best one yet. Good Luck to the seniors who are leaving us this year, we'll miss you. And to the new members, hang on tight, you're in for a heck of a ride!!! Sincerely, Julie Gardyszewski, co-captain

As I look back on my High School experience, I think the thing I will remember most is the three years I devoted to the Bridgeport Varsity Pom Pon Squad. I'll admit at times I got so frustrated I wished the season would end, but now that it has I've realized how much I will miss the unity and team work the squad has aquired. I will miss most of all our coach, Sheri Rigda, who has done her best to teach us to respect each other and to work as a team. I want to say good-bye to my squad, tell them how proud I am of their accomplishments this year, and wish future squads the best of luck!

If there were one word to sum up the Bridgeport Band's progress this past year it would be Congratulations! This year has been a very, VERY trying experience!

First of all, we gained a new band director Mr. Pete Makar. Upon the retirement of Mr. Robert Brown (band director for too many years to count) many talked of "woe is me". However, Mr. Makar has proved to be an exceptional director - not to mention a pretty funny guy! Thanks!

Secondly, we moved from the band room which some of us have known all of our band lives, into the auditorium. Turmoil. From the auditorium into a small classroom alongside the auditorium . . . and back to the auditorium . . . back to the classroom . . . and finally back to the auditorium! Oh, and we practiced too, sometimes!

And then comes the finale . . .

Upon the Burning Of Our Music 1995

Well that about does it. Once again, Congratulations! You people are awesome!

YEARBOOK

Putting out the 1994 - 95 Bridgeport High School Yearbook has been a really big job. This is the second year that we have produced a full year or "complete" yearbook. This gives us more time to cover all of the sports, including the spring sports, and most especially - all of the

senior activities. We felt that the students in the school would appreciate seeing the entire year in their yearbooks, it is a "memory" album. Each member of the staff has to learn to do a lot of different things. We all take our turn photography, layout / design, interviews, advertising sales, taking orders for yearbooks - you_ connections with the other staff members because they're scattered all over the place, we have freshman, sophomores, juniors and seniors on staff. Equipment (or lack of it) is another big problem. These days, to turn out a really good looking yearbook, you need modern

Editor, Tracy Stahl, working with fellow Yearbook Staff members during a quick, homeroom period meeting.

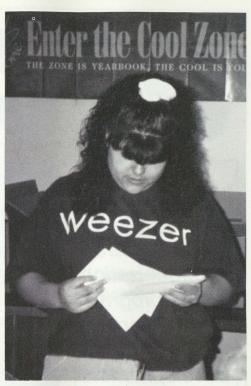

name it. We don't have the advantage of meeting as a class, so we have to get together during homeroom or after school. Sometimes it's very hard to make

computer equipment, laser printers, etc.. So, this year's book had to be put together outside of school. Computer work and printing done was home, rather than school, by of staff couple members. Doing it this way really worked out pretty good. We had a good time together this year, doing the vearbook is difficult but verv worthwhile. In ten.

fifteen or fifty years from now we hope that you'll look back through this book and appreciate the efforts of your 1994-95 Bridgeport High School Yearbook Staff.

If anyone thinks about drinking, I hope they think of the consequences. We put red ribbons on peoples cars to show we care, and to make them take notice. Hopefully it's working. I believe in S.A.D.D. I know most people drink, so a lot of people won't care about this. If they did care a little more, there would be less deaths in accidents of drunk driving.

Earth Med is a cause for a good club. I feel it could be done by everyone if they wanted to join in. It's hard work. It's gross and smelly but worth it at the same time. I'm helping make the earth safe, while beautifying it at the same time. I feel my participation in Earth Med is helpful, at least a little bit. It would be nice if more people would catch on. It'd show they care. Some of the activities we have had were: the newspaper and magazine drive, the pop and juice can recycle, and also keeping the courtyard clean. When Earth Med started there weren't many people in it, we now have 25 or 26 members this year.

Jeremy DeCaire, co-president of the BHS French Club, has a lot to say about the activities of the club. When asked to describe what the purpose of the French Club was, he responded with "the clubs purpose is to teach the members of this organization different culture from another land". The French Club has been to a French play in Bay City, which the majority of the club enjoyed. "They got the crowd involved and it wasn't boring" commented one member. The club also had T-shirts and sweatshirts printed with the Eiffel Tower and their name printed on them. They are planning on going to a French bakery in Midland and on a walk through Dow Gardens. They fund these events with the money earned through candy sales. The French club, along with the other foreign language classes, participates in foreign language week every year. Foreign language week is a chance for the exchange students to tell about their country and their culture.

Spanish Club is very interesting. We do many things. This year we sold Christmas cards, suckers and we've also had nacho sales. We have a lot of fun. The money we raise pays for trips we take and scholarships for seniors. Being a senior and having been in the Spanish club for the last four years has been a great experience.

Thank You!

In the Spanish Club we have lots of fund raisers for senior scholarships. One year we had a 3 on 3 basketball game, we gave away trophies and medals. We've had bake sales and nacho sales that went very well. My favorite was the sucker sale we had this year, we sold Christmas cards with suckers in them.

The Ski Club had a memorable year, according to Shawn Galdeen. This winter, the Ski Club had an opportunity to go on trips to the biggest ski resorts in the state. These ski trips were

fun for all of the Ski Club members that attended, including Frau. (Frau just stuck to the little hills this year.) Shawn was also happy to tell us of his most memorable moment. At Sugar Loaf, Shawn and his friend, Chuck Rhode, were skiing on a run known as Devil's Elbow. This trail includes a sharp turn and a jump. Shawn told us that Chuck did a split jump and landed face-first in the snow. Way to go, Chuck!

WINTERGUARD

The guard members L to R: back row, Kerri Marcoux, Jamie Wolpert, "Mascot" Leon Kleindiek, Mandy Slavik front row. Michelle Marcoux, Micah Prout, Amanda Schrader

Seventh Star's 1994-95 season was very successful despite the obstacles the guard had to overcome. Seventh Star was second in their class in the state, and sixteenth (out of 105!) in the country.

At the beginning of the season, the guard was worried about their six member status. But, they obviously persevered. Congratulations! This year's program "Fare Thee Well" was based on memories. The show meant very much to us because many of the special memories we have pertain to guard. This year's show has given us more. Thanks & Love Ya Mandy

Good Morning Mr. Director - Man!

... Sport of the Arts

hmm, what time did we get done practicing? What time is it now?

Ah! Mrs. hairdresser herself. Ready for this hair?

Winterguard isn't an activity; it's a way of life. You eat, sleep and breathe guard. It's kind of a compulsive obsession. You feel the need to excel. The members that don't feel this way, are the ones who don't come back. Being a Senior, I am extremely satisfied with this year's accomplishments. I feel like everything I've worked for has become a reality. I missed my dream of performing on :"Day-Ton A-Ree-Na" by .05 pts. (I did run on the floor though, before I got kicked off). The personal accomplishments mean more to me than the rest of them. I've not only met some of the greatest people I'll ever know. But, I've gotten to know and love them.

So...Jamie, Kerri, Amanda, Michelle, Micah, Amber, Tracy, Nicole, Brian, Sean, Dan, Blair, Steve and Stacey - I love you with all of my heart and I'm going to miss you very much.
-Mandy

I love guard. It's my life - Micah

This year 7th Star went through a lot of bad times. But, in the end it all paid off. We had a major tragedy the day before we had our first show, two members quit. Our director gave us a decision to make, to fold and not have a guard or to try our hardest with six people. There is one person that I myself feel we should owe it all to and that's Steve Yoder. He took me under his wing when I was having a bad time. He's the one who made us think about the emotion involved in our show.

Thanks Steve for all you've done and thanks to every member for treating me like I fit in. Love you all - Jamie "Rookie"

These are our adversaries. We're very competitive, not!

Bridgeport High School Welcomed the 1994-95 Foreign Exchange Students

The 1994-95 exchange students have had an eventful year in the U.S. and at Bridgeport High School.

The exchange students this year included Jennifer Divorne of Switzerland, Leon Kleindiek of Germany, and Daniella Caetano of Brazil.

Although the exchange students had a variety of impressions of our school, they all agree that this year won't be easily forgotten. They also agree that B.H.S. is very different from the schools that they left behind.

personally.

Living in a different country for a whole year can be a difficult experience. Leon has become like a member of the Prout family, according to Mrs. Prout. As a family, they have gone camping in the Upper Peninsula, and have traveled with the Seventh Star Winterguard to Dayton and Chicago. The exchange students still miss a lot of aspects of their home countries. Jennifer said that she missed her snowboard, her cousin, and going out at night. Daniella often

Commo to America

Jennifer thought that Bridgeport had too many rules, but other than that it was "pretty cool". According to Mrs. Diane Prout, his "host mom", Leon was surprised and pleased that Mr. Danner knew so many of the students individually. Leon was surprised when he first arrived at B.H.S. and Mr. Danner shook his hand. Leon attends a very large school in Germany and his principal knows very few students

missed her boyfriend back in Brazil, and she especially missed the warm weather of her hometown. The unpredictable Michigan weather was a little hard to get used to! Unfortunately, Daniella had to leave the U.S. early to be with her brother, who is in the hospital.

All of the exchange students agree that this year at Birdgeport High School was a learning experience that none of them will be forgetting soon.

Not long ago I held you in my hands and you were as helpless as a little bird. We protected and watched over you until you developed your wings. Now you're ready to fly on your own but before you take to the unlimited sky. here are a few words that'll keep the wind under your wings.

Believe in yourself, believe in the special person the world sees each time it gazes upon you, show your ability to love and be loved, trust and believe in your decisions to do what is right for you. Remember you are unique and there's no one else like you. Remember these things and your life will be filled with peace and happiness.

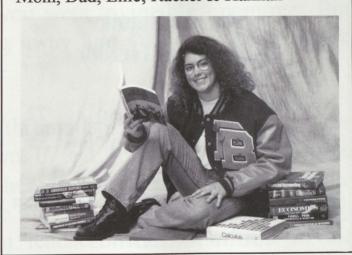

Congratulations

Congratulations Nikki!

You've always been #1 with us. We're very proud of you. Your love of books and learning came early, we had no idea that it would take you this far.

From nap time to skip day, from crayons to calculators, a twelve-year tale comes to an end.

Isn't it funny how time flies? It seems like just yesterday you were timidly stepping into your first classroom, now you're shutting the doors of high school behind you. And although you will be opening new doors, doors to your future, the past is certainly not a thing to be forgotten.

Take yourself back to those first few years. Do you remember how unsure and excited you were? A whole new world of strange and wonderful things was unfolding right before your eyes. New faces, new friends, new ideas - new toys! Yes, you were invincible - carefree. But inevitable, childhood was dwindling away and you were beginning a twelve-year adventure.

This adventure has brought you through so many experiences, there is not enough room to write them down. In fact, some things can never be put on paper. Like the way you felt when your <u>bestest</u> friend in the whole world moved away. Or when you were finally old enough to stay home <u>all by yourself</u>. Your first really mean teacher! Your first visit to the Principal's office. Your first kiss. Your first break - up. So many <u>experiences</u> - so much <u>experience</u>.

Then came the final years. The pressure! The work! The Car. The respect. The accomplishments. The Teachers. The knowledge - the memories. Yes, your twelve-year adventure is now over, but another adventure - a much longer adventure - waits just ahead. Your first journey has prepared you well. It has given you the keys to open the doors to your future. Now you alone must unlock those doors but leave them open as you journey onward so you never lose sight of the past . . .

Chubby,
You are the
sunshine that
lights our
lives. We are
very proud of
you, and will
love you

Life at BHS

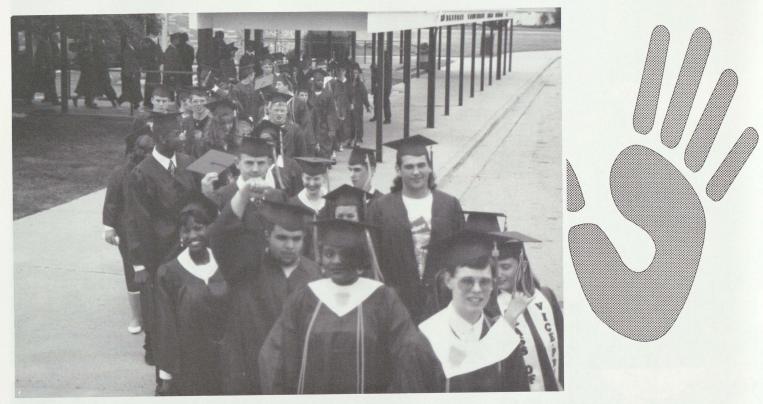

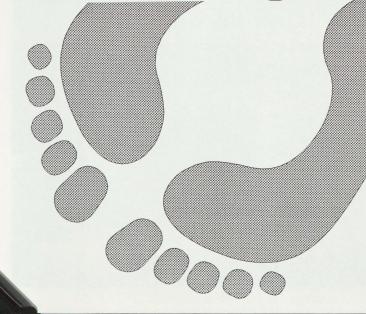

name those feet

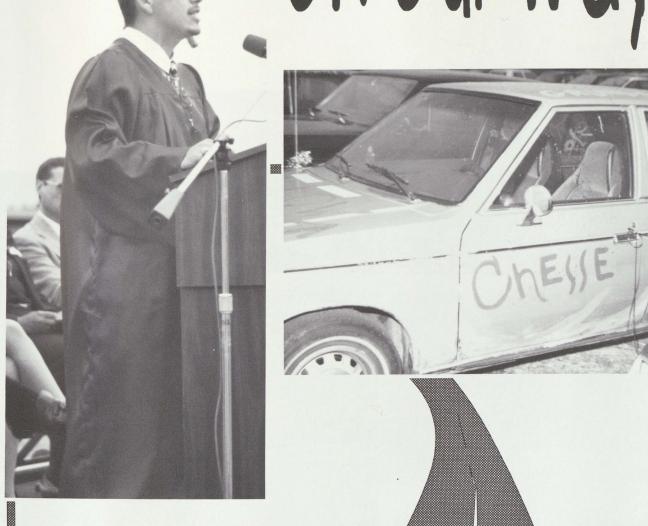

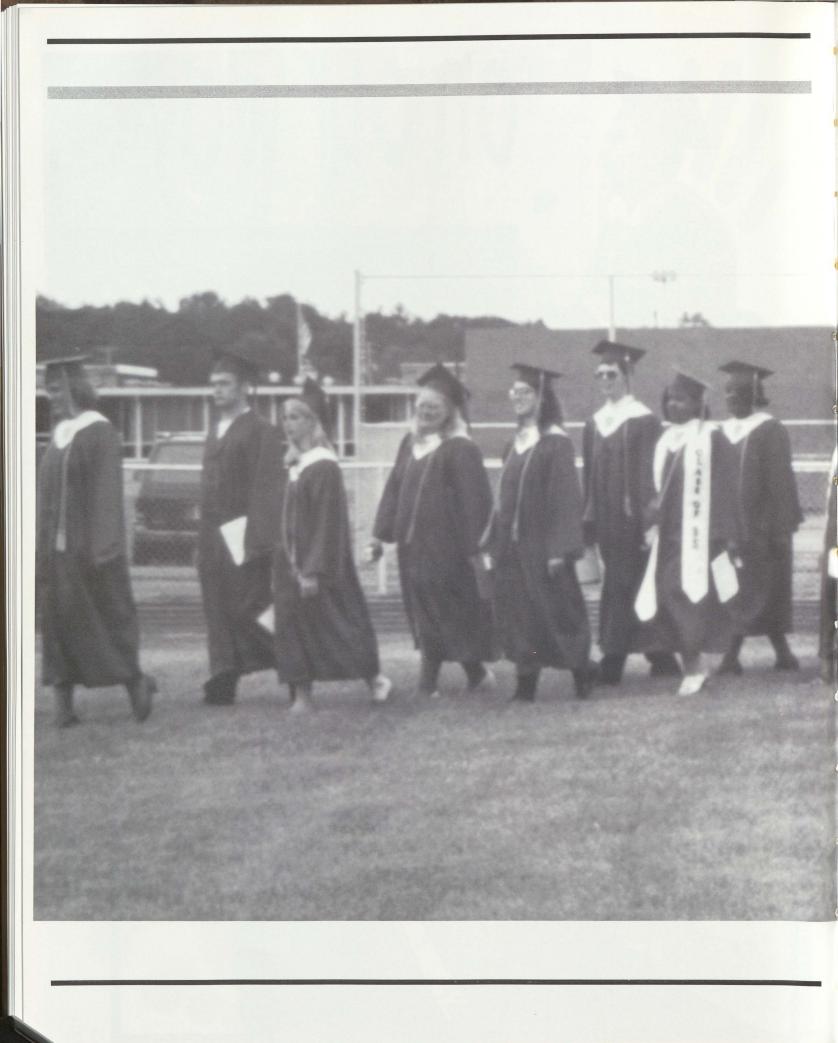

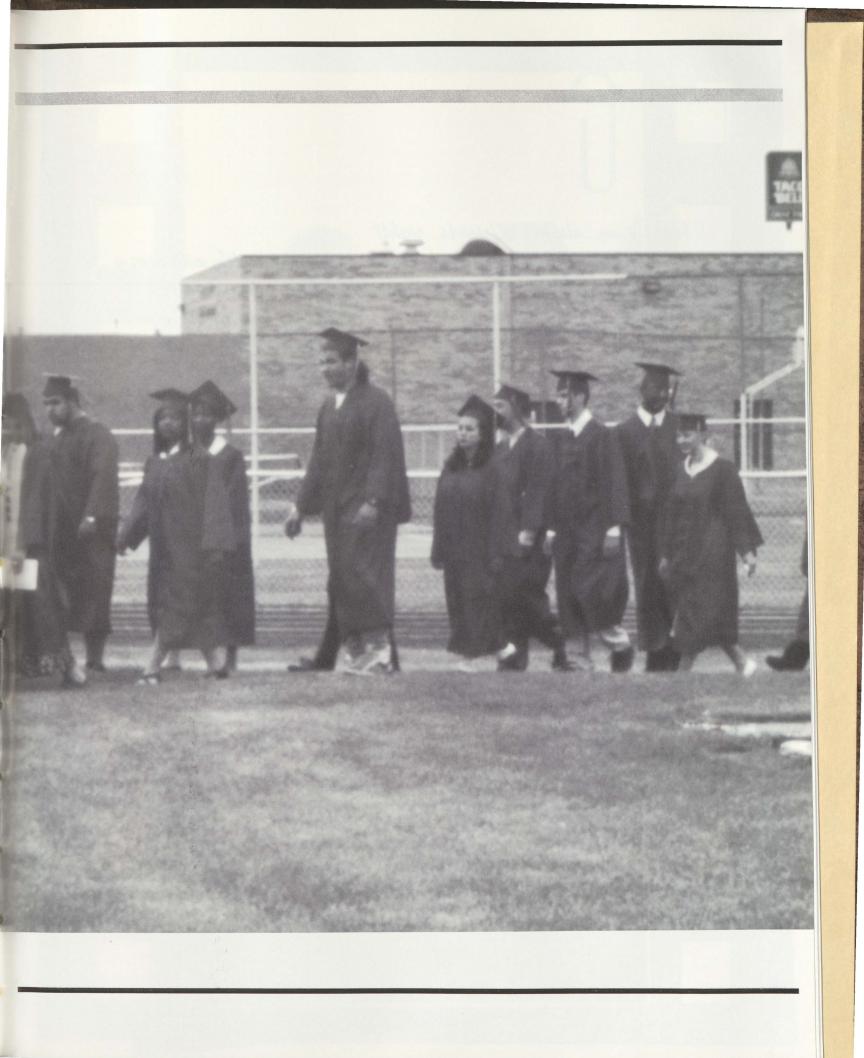

on our way...

We'll ...um...always be friends...right?

Thirteen years is quite a long time to spend your life with over a hundred of your closest friends. Through our fights, friendships, breakups and new loves - the class of 1995 has managed to survive it all. CONGRATULATIONS!!!

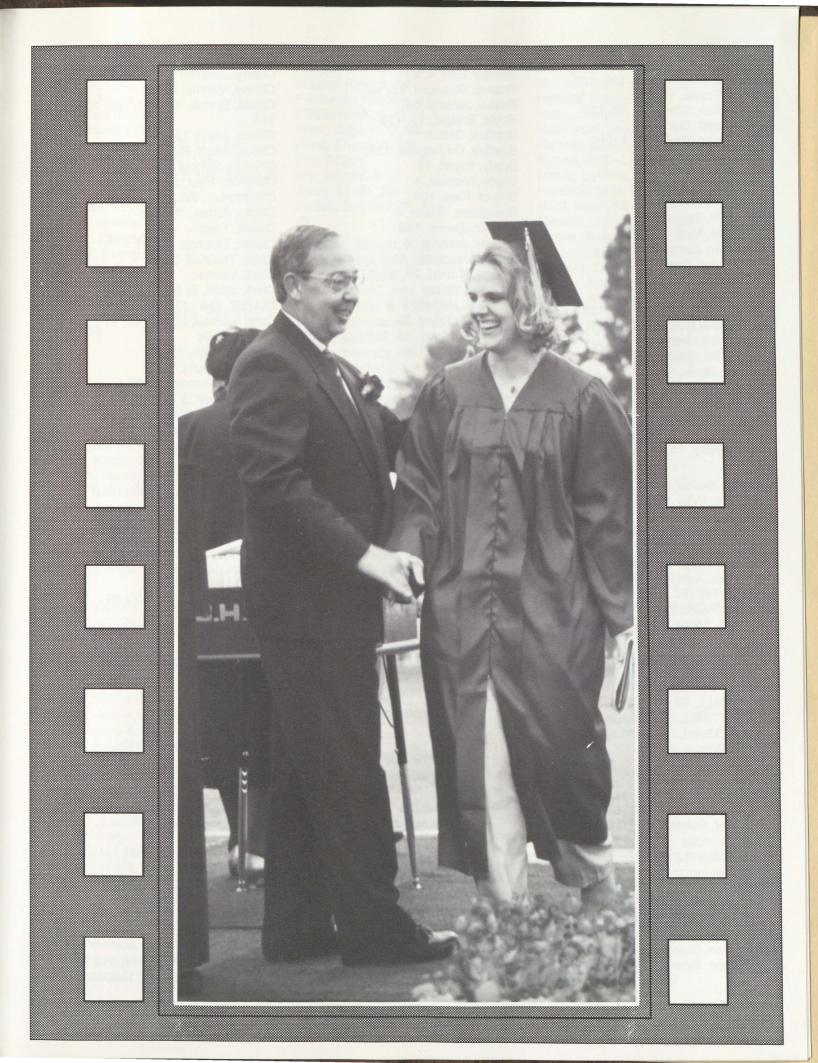

As we all leave to go on to our futures, the thirteen years of memories will eventually fade and become filled with other more important moments. You soon won't remember dodging Mr. Sommer as he walked down the hall with those cards - counting up your tardies, or hearing Mr. Rezler sing in his classroom or even Mr. Sheldens' corny jokes. We'll all leave without actually saying goodbye.

Triends, every moment that we've laughed, cried or have just been together is precious. It will however only be just memories, because even though we swear we'll never lose touch, once we graduate, we will never be together in the same way, ever again.

This is just a brief glance at our thirteen years together, as schoolmates, friends or as individuals.

The time is now for "the moment is ours", create what you want from life, pursue your dreams, and live happily ever after. With that, I wish the Senior Class of 1995, the Best of Luck and Good Fortune. Congratulations!

Love, Tracy Stahl, Editor 1995 BHS Yearbook
